

AFTER ALL MAYBE FISH WILL WIN WAR: AT ANY RATE BIG DRIVE ON FINNY TRIBE IS BEING LAUNCHED

Above—Whalers on Atlantic coast. Below—First of fleet of steam trawlers ready for launching to help Hoover.

Now comes the cry from the food administration: "Fish may win the war." And the photos show that if the fish are to be a factor they will be a power on the side of the allies. In one photo Atlantic coast fishermen are busily cutting up whale carcasses for food. In the other is shown, ready for launching, a big steam trawler of the Eastern Fishery Company, the first of a fleet of ten trawlers being built to bring in three million pounds of fish a week.

The company has put \$10,000,000 into the project and hopes to be a great aid to Hoover in the conservation of beef and pork.

CENTRAL POWERS' AIM IN RUSSIA

Von Hertling Declares Self-Government Will Be Granted Russ Provinces.

GERMANS FOR DEFENSE

Sole Aim of Aggressions Is to Secure Peace in the Ukraine.

AMSTERDAM, Feb. 26.—The central powers intend to give self-government to the provinces of Courland and Lithuania, Imperial Chancellor von Hertling declared in his address to the Reichstag yesterday.

The operations of the central powers in the east, the chancellor said, were being carried out with the sole aim of securing the fruits of the peace with Ukraine. He added: "We do not intend to establish ourselves in Estonia or Livonia."

The chancellor asserted the central powers had freed Poland with the intention of calling an independent state into existence. The constitutional problem involved was still being discussed in its narrower sense, he said, by the three countries involved.

"Our war aims from the beginning were defense of the fatherland, maintenance of our territorial integrity and freedom of our economic development," said the chancellor. "Our warfare, even where it must be aggressive in action, is defensive in aim. I say special stress upon that just now in order that no misunderstanding may arise in regard to our operations in the east. Their sole aim is to secure the fruits of our peace with the Ukraine."

COMMENT ON BRITISH SPEECH.

LONDON, Feb. 26.—Chancellor von Hertling's references to a statement made by Walter Runciman, former president of the board of trade, concerned remarks made by Mr. Runciman in a speech in the house of commons on February 13. Mr. Runciman said that the greatest contribution that could be made to the peace of the world would be that the representatives of opinion in the belligerent countries draw together and exchange views.

Concerning Mr. Runciman's statement, the chancellor said: "I can only agree with Mr. Runciman if he meant that we should be much nearer peace if proper responsible representatives of the belligerent powers would meet in conference for discussion. That would be a way to remove all intentional and unintentional misunderstandings and bring about an agreement on many individual questions. I am thinking especially in this connection of Belgium."

EXAMINATION FOR THE CIVIL SERVICE

The United States civil service commission has announced an open competitive examination, for men only, for the position of forest assistant, to be held March 13 and 14, 1918, carrying an entrance salary of \$1100 per annum.

The first day's examination will cover silviculture, economics, forest management and forest protection. The second day's examination will cover lumbering, engineering, dendrology and forest products. Applicants must be 20 years of age and have had at least one full school year's work in forestry at a forest school or two years' practical forestry work in the field.

Applicants should be made on form 1312 obtainable at the postoffice. The examination will be given at Ogden, Logan, Provo and Salt Lake City.

SMALL SNOWFALL IN VERNAL FOREST

Reports from Vernal, Utah, the headquarters of the Ashley national forest, indicate that the conditions resulting from the lack of snowfall and rainfall are beginning to assume dangerous proportions.

The snowfall in the mountains is far below the average for this time of the year, and unless there is a phenomenal wet and stormy period within the next few weeks, the country in that vicinity will undoubtedly suffer from lack of water.

There has been sufficient water, however, on the winter ranges so that the stock have not suffered so far from drought, and, owing to the very mild weather, very little feeding has been done up to the present time.

DRAFT MEN TRACED BY ONE OF LOCAL BOARDS

Two alleged slackers have been rounded up by the Weber county draft board and their cases will be disposed of according to the selective service regulations. The most flagrant is that of Fred Palmer, who has been a fugitive from the draft board, its members declare, since the questionnaires were first sent out.

Palmer was registered at Eden. He was not called on for the first draft and, when his questionnaire was mailed him, he did not return it. Efforts were made to locate him in many different parts of the country. Yesterday came information from Evanston, Wyo., to the effect that Palmer had been arrested there on the description sent by the Weber county board and was being held in jail. He will probably be examined, according to Section 51, S. S. R., and if found to be a willful deserter will be dealt with accordingly. He is 22 years of age and had worked as a cowboy for the Lindsey Land & Livestock company.

The other case is that of John Wilson of Wilson Lane. He had not returned his questionnaire and had been posted as a deserter. The board received a letter from him yesterday, stating that he had not received his questionnaire and asking if he had been posted as a deserter. He had gone to American Falls, Idaho, and had not left his new address with the board. Meantime he had been sent questionnaires and notices and could not be found. He will probably be immediately impressed into the service.

BAMMERLIN TEAM IN FIRST PLACE

NEW YORK, Feb. 26.—The Bammerlin team of Cleveland, composed of McDowell and Thies, rolled into first place in the doubles event of the American Bowling congress tournament here with a score of 1247 this morning. Their score is one pin higher than that of Pflum and Ott of Chicago who were leading since Saturday.

NEW YORK, Feb. 25.—James Smith, substitute infielder of the New York Nationals, was released today to the Boston Nationals.

"I know something that will clear your skin"

"When my complexion was red, rough and pimply, I was so ashamed that I never had any fun. I imagined that people avoided me—perhaps they did! But the regular use of Resinol Soap—with a little Resinol Ointment just at first—has given me back my clear, healthy skin. I wish you'd try it!"

Resinol

Resinol Ointment and Resinol Soap also clear away dandruff and keep the hair healthy and attractive. For trial free, write to Dept. 2.R., Resinol, Baltimore, Md.

MIKE SULLIVAN SENT TO PRISON FOR A TERM OF YEARS

Mike Sullivan, charged with assault with a deadly weapon with intent to do great bodily harm, was sentenced this morning by Judge A. E. Pratt of the district court to the state prison for a term not exceeding five years. Sullivan was convicted by a jury.

Attorney N. J. Harris, representing the defendant, moved the court for an arrest of judgment and argued that the facts proved in the trial did not constitute a public offense. He said it was absurd to believe that Edward Powers would undertake to beat Margaret Sullivan for a year's board, \$50 and a new suit of clothes, as a man of his alleged character would demand more money and more certain pay. Attorney Harris said Powers followed the three, Mr. Sullivan, Mrs. Braby and James Downey, on the night of January 12 to rob Downey, whom he knew to have a considerable amount of money.

Judge Pratt answered that he believed evidence enough had been found to sustain the findings of the jury and denied the motion for an arrest of judgment. He then sentenced Sullivan.

Attorney Harris gave notice that he would take the statutory time within which to prepare a motion for a new trial.

INDEXING LOCAL CARDS RESUMED

Indexing of registrants in the city exemption district was resumed again today and this time, it is thought, completed without further stop. About 815 cards have been filed to date and there is more than a like number yet to be acted on.

Information has been sent to the local board from recruiting stations that Clifford O. Anderson has joined the medical department. Harold H. Parry the Q. M. corps and Paul W. Haas the aviation section. The last named gave Evanston as his home. All were registrants of this city.

WILL BE WITNESS AT COURT MARTIAL

Detective J. L. Hobson will leave for Camp Dodge, near Des Moines, Iowa, tonight, to appear as a witness in the court martial of John C. Dewey, deserter. Detective Hobson arrested Dewey in Ogden as a deserter January 3. He turned the prisoner over to the federal authorities at Fort Douglas. Dewey deserted from Co. F, 42nd Infantry, U. S. A. Detective Hobson will be absent about ten days.

PARTIAL LIST OF TUSCANIA DEAD

WASHINGTON, Feb. 26.—A partial list of the officially reported missing and unidentified dead of the troop ship Tuscania, issued today by the war department contains sixty-one names, all previously having been included in the Associated Press unofficial list which still contains seven names on which no reports have been made by the war department.

EXCHANGE DEALS DIFFICULT. LONDON, Jan. 23.—(By mail.)—Recent developments in Russia have

LANSING GETS NEW COUNSELOR

Gordon Auchincloss.

After serving as secretary to the American war mission headed by Colonel House, Gordon Auchincloss, New York lawyer, has returned to Washington, where he was made assistant to Frank L. Polk, counselor of the state department.

brought exchange dealings here practically to a standstill and it has been impossible for sellers drafts on Petrograd and other Russian centers to ascertain whether instructions have been received by the Russian banks and if so whether they are in opposition to execute the instructions in view of recent government action prohibiting inter-bank operations.

NATIONAL LABOR POLICY PLANNED

Capital and Labor Arranging for Agreement to Last During War.

WASHINGTON, Feb. 26.—Former President Taft was chosen today by representatives of capital as their representative for the public in the joint conferences here between employers and employees to establish a basis of relations during the war. The workers' representatives also will name a man to represent the public.

WASHINGTON, Feb. 26.—A national labor policy, planned for the duration of the war and backed, if necessary, with special legislation is being considered by the representatives of capital and labor, who continued today the series of conferences arranged at the request of the government.

Attending the conferences are five representatives of capital and five of labor. The ten men will choose two representatives of the general public. Representatives of the workers named William Johnson of Washington, president of the Machinists' union, to take the place of J. A. Franklin, president of the boilermakers, who was unable to serve on the committee.

The high percentage of undernourished children in New York city's public schools was attributed at a Board of Aldermen committee hearing to the high cost of living, which has far outstripped wage increases.

I. L. BURKLAND HAS ARRIVED ON THE "OTHER SIDE"

I. L. Burkland received a letter from his son Emory, who joined the colors in September telling of his safe arrival in France. This letter had been censored and there was not a great deal of information to be had aside from the fact that the transport his company was on had the pleasure of sinking a submarine.

They had rather a stormy voyage, sailing from an American port about the 15th of December.

Mr. Burkland was a locomotive fireman in the service of the O. S. L. He is married and his wife is in Salt Lake City.

IT PAYS TO ADVERTISE SAYS STUDEBAKER

It was surprising to note how many car owners want to trade their old cars on new ones. Following the newspaper announcement of our trade-in proposition, our salesmen were kept busy appraising used cars and demonstrating new Studebakers.

"From present indications," says Manager Harris of the Western Auto & Tractor company, "we will soon have all the used cars we can use, thus emphasizing the efficiency of advertising."

"We call attention to advancing prices which means that no dealer can guarantee present prices for any length of time. Prospective purchasers should investigate now instead of waiting, as there will be a raise in price in all new cars in the near future."

RETAIL GROCERS TO MEET IN CHICAGO

CHICAGO, Feb. 26.—Announcement of a change in the convention of the National Retail Grocers' association from Washington to Chicago was made today. The association will meet here May 20 to 23 inclusive. Crowded hotels in Washington and congestion of railroad facilities was the reason for the change announced today by Sol Wexler, Westfield of Chicago, vice-president.

Twenty-five thousand teenage boys will be raised by the Young Men's Christian association of Saskatchewan Canada, in the campaign organized by the National Council of the Young Men's Christian association to aid with the crops this year.
